5060 GS-1150-1AER

Case: Solid stainless steel

G-Hybrid

Accurate radio-controlled reception and superb quality make the GS-1150-1AER an impressive performer: equipped with innovative Multiband 6 technology, it can receive six radio signals in the USA, Europe, Japan and China. A watch tailor-made for men who expect a lot from their watch – and one that provides the finishing touch to any outfit.

G-Classic

Introducing the new G-SHOCK models: the casual, retro design gives the wearer the opportunity to sport the colours of the season – on their wrist! Colour and diversity – whatever you're doing, whatever your tastes. And of course, with all the legendary toughness of a G-SHOCK.
